Northeastern University College of Engineering

With over **195** tenured/tenure-track faculty, and **17** multidisciplinary research centers and institutes, and funding by eight federal agencies, Northeastern's College of Engineering is in a period of dynamic growth. Our emphasis on interdisciplinary, transformative research—tied to Northeastern's unique history of industry collaboration through the university's signature cooperative education program—enables partnerships with academic institutions, medical research centers, and companies near our centrally located Boston campus and around the globe.

Consideration will be given to candidates at the assistant, associate, and full professor levels; successful applicants will be expected to lead internationally recognized research programs aligned with one or more interdisciplinary research themes. We are also seeking to recruit and support a broadly diverse community of faculty and staff, and strive to foster an inclusive culture built on respect that affirms inter-group relations and builds cohesion. Applicants will be asked to submit a diversity statement discussing how they view their contributions to sustainment and improvement of diversity in the college and community at large.

Northeastern University is an equal opportunity employer, seeking to recruit and support a broadly diverse community of faculty and staff. Northeastern values and celebrates diversity in all its forms and strives to foster an inclusive culture built on respect that affirms inter-group relations and builds cohesion. All qualified applicants are encouraged to apply and will receive consideration for employment without regard to race, religion, color, national origin, age, sex, sexual orientation, disability status, or any other characteristic protected by applicable law.
