- Science Policy
- Climate Change

and more...
The prestigious international Science & PINS Prize is awarded annually to outstanding early-career researchers in the emerging field of neuromodulation. Findings already show improved outcomes in several neurological disorders. To enter, just write a 1000-word essay about your research performed in the last three years. The Grand Prize winner will be presented a US$25,000 award, as well as have their essay published in Science magazine and on Science Online. A runner-up will have their essay published online. For additional inquiries, email SciencePINSPrize@aaas.org.

Submit an essay by 3/15/23 to enter to win $25K.
READY TO PUT THE SPOTLIGHT ON YOUR RESEARCH?

TRILLIONS
OF MICROBES
ONE ESSAY

The NOSTER Science Microbiome Prize is an international prize that rewards innovative research by investigators who have completed their terminal degree in the last 10 years and are working on the functional attributes of microbiota. The research can include any organism with the potential to contribute to our understanding of human or veterinary health and disease, or to guide therapeutic interventions. The winner and finalists will be chosen by a committee of independent scientists chaired by a senior editor of Science. The top prize includes a complimentary membership to AAAS, an online subscription to Science, and USD 25,000. Submit your research essay today.

Apply by 24 January 2023 at www.science.org/noster
